

Deleting Browser History

Firefox 57 to 63

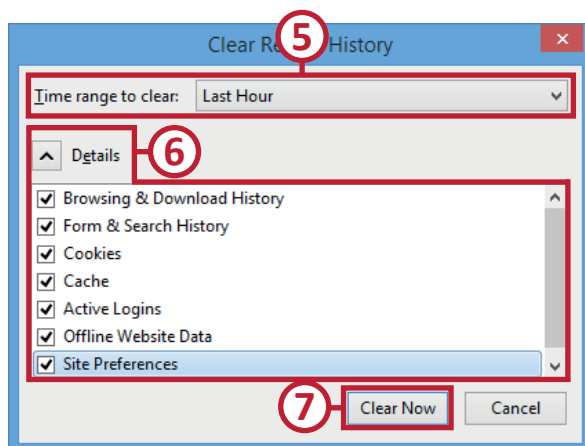

① Click on the symbol in the top right hand corner of the window 

② Select *Library*.

③ Select *History*.

④ Select *Clear Recent History...*

⑤ Select the entry which at least covers the duration of your e-banking session. For instance the entry *Last Hour*.

⑥ Click on the arrow to have the details displayed, and select all entries.

⑦ Click on *Clear Now*.

«eBanking – but secure!» is offering helpful security hints for e-banking users

eBanking but secure!

You will find further practical information on measures and approaches required to ensure that e-banking applications are used securely under www.ebankingbutsecure.ch. The use of this website is free.
